4-Ports USB VGA KVM Switch with Audio

Save space on your desktop with only one monitor, keyboard and mouse. This 4 port USB compact KVM switch allows you to share one monitor, keyboard and mouse on 4 different computers. It is even possible to share one microphone and/or and speaker set. The KVM switch comes complete with all cables. Switching to the other computer can be done in 4 different ways:

Hotkey on your keyboard
Buttons on the KVM switch
Keyboard shortcut (customized) by software
PC selection by software

Highlights

> Connect 4 PC´s with one monitor, mouse and keyboard through USB
> Compact design no power supply required
> Easy switching thanks to LED indicator or smart keys
> Create your home office
> All cables are included
